

EVEN THOUGH SUMMER SEEMS TO BE FOLLOWING AUTUMN THIS YEAR, WE'RE STILL GETTING SOME GREAT FLYING LATE IN THE DAY.

Such was the case on Friday 14 March, when a good crowd gathered to say "Hi" to Steve Ridgewell, on leave from Walhallow Station in NT.

As well as the regular attenders, it was good to greet Lawrence and Nikki Breen, and their kids Jack, Sam and Hayley. Also Henry Hook who flew back from Forbes during the festivities.

XPH flew a few turns around the block, and Steve had a chance to get "back to the roots" in the Jab, after racking up around 400 hours in a C182.

Thanks to all those who turned up laden with goodies for dinner - certainly turned the basic BBQ into a feast!

These "big" Friday evenings are planned for the first Friday each month, and the next will be Friday 4 April - last of the long daylight savings Fridays till October.

Comfortable on the newly-refurbished Ross McLennan Seat, Instructor and student Bryan & Paul ponder some of the mysteries of flight, such as "What happens to the centre of mass and centre of weight when you cut a cannon ball in half?"

The seat was recently given a new protective coating, thanks to Jeremy Cubitt.

Talking of the Ross seat, Coralie McLennan has returned to Orange and taken up residence in her house in Thoopara Place. I'm sure she'd like some visitors!
